About Us

At Vital Health Pharmaceuticals Inc., we dedicate ourselves to mankind's biggest asset - *health*.

Headquartered in Nevada, U.S.A., Vital Health Pharmaceuticals Inc. is endorsed by over 2 decades of tradition and expertise in delivering healthcare products of only the finest quality.

The Vital Health Pharmaceuticals Inc. doctrine is '*Excellence has no finish line*'.

Our constant and intricate undertakings strive to deliver innovative products of unsurpassed quality based on credible advances in healthcare research.

Our wide and evolving range of products are suitably designed to *restore, support and/or improve* health and wellbeing.

We believe *small things matter* and therefore each product from Vital Health Pharmaceuticals Inc. carries the highest level of certified control expected from a leading pharmaceutical company.

Our integrated systems as a
progressive conglomerate,
ensure a commitment to
healthcare professionals
and consumers alike.

We call it
'The Vital Assurance'

About the Facility

From newly received ingredients to stability-tested finished products, the facility follows an approved set of Standard Operating Procedures (SOPs) of all factors that can impact a product.

- FDA Registered and Drug Licensed.
- cGMP Certified.
- NSF approved.
- Laboratory procedures compliant with FDA and reviewed against current USP, EP and FCC guidelines.
- Compliant with the Dietary Supplement Health and Education Act (DSHEA).
- Independent inspections and testing with third party verification.

Audited by Shuster Laboratories, Inc. (An STR Company)

About STR

Not all supplements are created equal. As a leading provider of quality assurance services to the nutritional supplement industry, STR helps assure clients that their products meet regulatory and industry standards.

STR in the nutritional supplements industry includes laboratory testing to ensure compliance to DSHEA, the United States Pharmacopeia (USP) and the FDA GMPs for potency, purity and stability; facility audits for GMP compliance; HACCP programs and audits to help ensure product safety; standard operating procedures (SOP) development and implementation; development of product specifications; claims substantiation; stability studies for expiry dating; method development and validation; and microbiological studies, label review and regulatory consultation.

Quality Assurance & Quality Control (QA and QC)

The extensive analytical and rigorous regimens undertaken include:

- Ultra Performance Liquid Chromatographs (UPLC)
- High Performance Liquid Chromatographs (HPLC)
- High Performance Thin Layer Chromatographs (HPTLC)
- Gas Chromatography (GC)
- Fourier Transform Infrared Spectrometer (FTIR)
- Ultraviolet-Visible Spectroscopy (U.V. Vis)
- Total Organic Compounds (T.O.C)
- Inductively Coupled Plasma Mass Spectroscopy (ICP-MS)
- Particle-size analysis
- Moisture analysis (Karl Fischer)
- pH analysis
- Microbiological analysis (Soleris)
- Disintegration (USP)
- Dissolution (USP)
- Microscopic analysis
- Environmental Monitors

Omechol®

High Potency and Purity Fish Oil

Essential Fatty Acids (EFAs) are referred to as essential since the body requires them but is unable to synthesize them. Hence, they need to be adequately obtained from the diet or through supplementation. Fish oil is an abundant source of EFAs and contains PUFAs in the form of Omega-3 fatty acids, popularly known as the 'good fats' in one's diet. Omechol® is a high potency fish oil formulation designed to deliver Omega-3 in an optimum amount and purity level. Omechol® supplementation as part of a healthy diet and lifestyle can help promote good overall cardiovascular health amongst its other several benefits. Omechol® contains 770 mg (77%) of Omega-3 EFA per softgel which is odor controlled to reduce taste sensitivity.Ⓢ

Omechol® is sourced from Sardines, Anchovies and Mackerels.

- **Odor masked to reduce sensitivity.**
- **400 mg of EPA and 300 mg of DHA per softgel.**
- **High Potency - 1 gram of Fish Oil of which 770 mg (77%) constitutes Omega-3 fatty acids (like EPA and DHA).**
- **Sourced from deep sea, cold water fishes.**
- **Purified to eliminate mercury, dioxins and heavy metal contaminants.**

Supplement Facts:

Serving Size: 1 Softgel	Amount per Serving	% RDA
Omega-3 Fish Oil	1000 mg	*
EPA (Eicosapentaenoic Acid)	400 mg	*
DHA (Docosahexaenoic Acid)	300 mg	*

*For a multitude
of benefits*

Lactoplex®

Daily Multivitamin-Multimineral Complex with Probiotic

Fortified with a probiotic to help balance the microflora of the intestine, Lactoplex® is an advanced daily multivitamin-multimineral formulation with 30 vital micro-nutrients, rightly balanced in a single tablet. Lactoplex® contains ingredients which are gentle on the stomach and well tolerated. Lactoplex® supplementation as part of a healthy diet and lifestyle can help function as the body's nutritional insurance to fill in micronutrient deficiencies in the diet and help the body carry out its daily functions and activities effectively.Ω

- With Probiotic – To help balance intestinal microflora.
- Rightly balanced – making it suitable for daily use.
- With non-acidic and well tolerated form of nutrients.
- 31 essential nutrients in a single and easy to swallow tablet.

Supplement Facts:

Serving Size: 1 Tablet	Amount per Serving	% RDA
Lactobacillus Acidophilus	50 mg	*
Vitamin B1 (as Thiamine Mononitrate)	1.5 mg	100%
Vitamin B2 (as Riboflavin)	1.7 mg	100%
Niacinamide	20 mg	100%
Vitamin B6 (as Pyridoxine Hydrochloride)	2 mg	100%
Vitamin B12 (as Cyanocobalamin)	6 mcg	100%
Biotin	300 mcg	100%
Folic Acid	400 mcg	100%

with a difference*

Maternace®

Advanced Prenatal and Postnatal Support

The onset and demands of pregnancy bring about a specific set of nutritional needs. Maternace® contains the recommended amount of 21 optimum nutrients required before, during and after pregnancy. Maternace® is formulated with ingredients which are non-acidic and gentle on the stomach. Maternace® supplementation as part of a healthy diet and lifestyle in pregnancy delivers vital nutrients in a safe and balanced way during conception, pregnancy and breast-feeding.Ω

- Meets the latest DRI guidelines for pregnancy.
- Contains the well tolerated form of Iron (Ferrous Bis-glycinate).
- Provides Vitamin C in a non-acidic form.
- Delivers 21 vital nutrients in a safe, balanced and easy to swallow tablet.
- Suitable before, during and after pregnancy.

Supplement Facts:

Serving Size: 1 Tablet	Amount per Serving	% RDA
Iron (as Bisglycinate)	27 mg	150%
Folic Acid	750 mcg	187%
Vitamin C (as Calcium Ascorbate & Calcium L-Threonate)	85 mg	141%
Vitamin B12 (as Cyanocobalamin)	3.25 mcg	54%
Vitamin B1 (as Thiamine Mononitrate)	1.4 mg	93%
Vitamin B2 (as Riboflavin)	1.4 mg	82%
Niacinamide	18 mg	90%
Vitamin B6 (as Pyridoxine Hydrochloride)	2.38 mg	119%
Biotin	30 mcg	10%
Pantothenic Acid (as D-Calcium Pantothenate)	6 mg	60%
Vitamin D (as Cholecalciferol)	150 IU	37%
Vitamin E (as DI-Alpha Tocopheryl Acetate)	12.5 IU	41%
Vitamin A (as Beta Carotene)	320 IU	6%
Magnesium (as Magnesium Oxide)	87.5 mg	21%
Zinc (as Zinc Oxide)	13.75 mg	91%
Molybdenum (as Sodium Molybdate)	25 mcg	33%
Selenium (as L-Selenomethione)	30 mcg	42%
Chromium (as Chromium Chloride)	15 mcg	12%
Manganese (as Manganese Sulfate)	1 mg	50%
Copper (as Copper Sulfate)	0.5 mg	25%
Iodine (as Potassium Iodide)	110 mcg	73%

Advanced Prenatal Care

Actamin®

Specific Antioxidants for an Active Lifestyle

The nutritional status of an individual affects the energy release from cells. Actamin® contains 12 active nutrients to meet the demands of an active lifestyle and foster vitality in daily activities. Its adaptogenic effects makes it suitable during convalescence, fatigue as well as for individuals seeking endurance during sporting activity. Actamin® supplementation as part of a healthy diet and lifestyle can help improve recovery, combat fatigue and boost energy release during demanding physical activities.Ω

- Promotes efficient energy release and metabolism.
- Fosters an active lifestyle.
- Boosts energy and improves recovery during and after physical activity.
- Contains 12 specific nutrients including L-Carnitine, Ginseng, L-Arginine, Octacosanol and ATP.

Supplement Facts:

Serving Size: 2 Tablets	Amount per Serving	% RDA
Panax Ginseng Extract 25%	50 mg	*
L-Carnitine (as Fumarate)	300 mg	*
L-Arginine	300 mg	*
Alpha Lipoic Acid	50 mg	*
Adenosine-5-Triphosphate Disodium	100 mg	*
Octacosanol 5%	1.5 mg	*
Vitamin B1 (as Thiamine Mononitrate)	3.6 mg	240%
Vitamin B6 (as Pyridoxine Hydrochloride)	3.9 mg	195%
Vitamin B12 (as Cyanocobalamin)	7.2 mcg	120%
Iron (as Ferrous Bisglycinate)	21 mg	116%
Zinc (as Zinc Oxide)	12.65 mg	84%
Magnesium (as Magnesium Oxide)	200 mg	50%

Energizing – for an active lifestyle

SynoShield®

Shielding the Synovial Joints

Strenuous physical activity and the aging process can take its toll on the synovial joints of the body. Synoshield® is the tested combination of Glucosamine, Chondroitin and MSM for optimal joint support. Synoshield® can help individuals and sportspersons requiring additional support for over-worked joints, cartilage maintenance and joint comfort. Synoshield® supplementation could be included as a part of the overall pain management due to irreversible factors as an alternative or complementary therapy in joint conditions.Ω

- Optimal comfort for the Synovial joints.
- Contains the well researched and widely accepted combination of Glucosamine, Chondroitin and MSM.

Supplement Facts:

Serving Size: 3 Tablets	Amount per Serving	% RDA
Glucosamine Sulfate	1500 mg	*
Chondroitin Sulfate	1200 mg	*
MSM (Methylsulfonylmethane)	500 mg	*

*Daily value not established

*Shielding the
Synovial Joints*

SynoShield® Forte

Shielding the Synovial Joints – Fortified with Type II Collagen

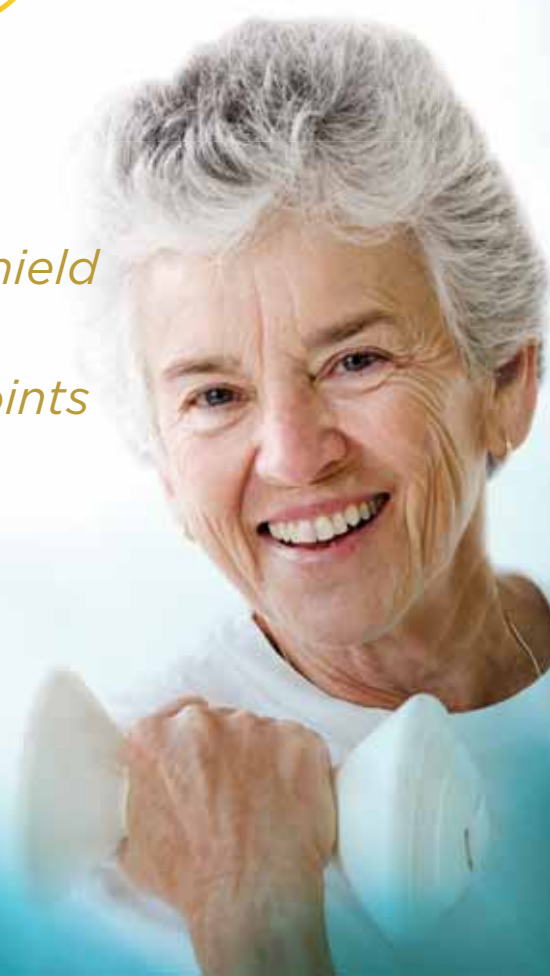

Synovial joints enable a wide range of movements in the body. The aging process and other factors can cause the cartilage lining to become thinner and synovial fluid to diminish in the synovial joints. This results in joint stress and pain, hampering routine activities. Synoshield Forte® can help individuals and sportspersons requiring additional support for over-worked joints, cartilage maintenance and joint comfort. Synoshield Forte® is an advanced formulation with 14 uniquely blended ingredients to help promote joint integrity. Synoshield Forte® offers an alternative or complementary therapy over conventional treatment in knee osteoarthritis to help relieve joint ache, inflammation and revitalizes the synovial joint over a period of time.9

- With 14 ingredients for superior joint nourishment and comfort.
- Contains Type II Collagen Bio-complex, Hyaluronic acid and Osteo-Regeneration Complex to help reduce inflammation.
- Maximum Potency of Glucosamine, Chondroitin and MSM.

Supplement Facts:		
Serving Size: 3 Tablets	Amount per Serving	% RDA
Glucosamine HCL	1500 mg	*
Chondroitin Sulfate	1200 mg	*
MSM (Methylsulfonylmethane)	500 mg	*
Type II Collagen (from Chicken)	300 mg	*
Vitamin D (as Cholecalciferol)	400 IU	100%
Vitamin K (as Phytonadione)	81 mcg	101%
Vitamin C (as Ascorbic Acid)	60 mg	100%
Proprietary Osteo-Regeneration Complex: "Hyaluronic Acid, Ginger Root Powder, Garlic Extract, Bromelain, Turmeric, Lipase, Cetyl Myristoleate (CMO)"	350 mg	*

Synovial Joints*

Optivin®

Advanced Eye Support

The eye is one of the busiest organs in our body and is often subject to strain from a variety of factors. Optivin® is designed to deliver 10 optimum nutrients including antioxidants and a Retino-regeneration shield that helps alleviate symptoms of eye fatigue. Optivin® supplementation as part of a healthy diet and lifestyle can help delay the symptoms of Age Related Macular Degeneration (AMD).^Ω

- Proven nutrients like Lutein, Zeaxanthin and Astaxanthin for eye health.
- Suitably balanced for everyday use.
- With Bilberry extract and Alpha Lipoic Acid for optimum vision maintenance.

Supplement Facts:

Serving Size: 1 Softgel	Amount per Serving	% RDA
Lutein	6 mg	*
Zeaxanthin	1.2 mg	*
Astaxanthin	500 mcg	*
Alpha Lipoic Acid	25 mg	*
Vitamin C (as Calcium Ascorbate & Calcium L-Threonate)	30 mg	50%
Vitamin E (as D-Alpha Tocopherol)	15 IU	50%
Vitamin A (as Beta Carotene)	2500 IU	50%
Selenium (as L-Selenomethione)	70 mcg	100%
Zinc (as Zinc Oxide)	15 mg	100%
Bilberry Extract 25%	50 mg	*

Optimum
Ophthalmic
Support

Bio-Q®

Ubiquinol - The Bioactive Coenzyme Q10

Coenzyme Q10 or CoQ10 (Ubiquinone) is a potent antioxidant and is essential for the production of cellular energy in every cell of the body. More than 90% of CoQ10 found in the blood is in the reduced (unoxidized) form and is called Ubiquinol. Bio-Q® offers Ubiquinol, the more bioavailable form of CoQ10 (Ubiquinone) that is readily assimilated by the body. Bio-Q® supplementation as part of a healthy diet and lifestyle can help promote good cardiovascular health.❧

- Ubiquinol – the bioactive form of Coenzyme Q10 (CoQ10).
- Better bioavailability and assimilation.
- Up to 3 times better absorption compared to conventional CoQ10 (Ubiquinone).

Supplement Facts:

Serving Size: 1 Softgel	Amount per Serving	% RDA
Coenzyme Q10 (as Ubiquinol)	50 mg	*

*Daily value not established

*The Bioactive
Coenzyme Q10*

Omnimin®

Comprehensive Nutritional Support

Is our diet really ‘balanced’? Several micronutrients influence the body’s ability to carry out its daily internal functions and routine activities efficiently. Omnimin® safely provides 30 vital micronutrients in a single, easy to swallow tablet to fill in nutrient gaps in an average diet. Omnimin® supplementation as part of a healthy diet and lifestyle promotes general physiological functions and helps prevent subclinical deficiencies due to imbalances in the nutritional status of an individual.Ω

- Rightly balanced – making it suitable for daily use.
- With non-acidic and well tolerated form of ingredients.
- 30 essential nutrients in a single and easy to swallow tablet.

Supplement Facts:

Serving Size: 1 Tablet	Amount per Serving	% RDA
Vitamin B1 (as Thiamine Mononitrate)	1.5 mg	100%
Vitamin B2 (as Riboflavin)	1.7 mg	100%
Niacinamide	20 mg	100%
Vitamin B6 (as Pyridoxine Hydrochloride)	2 mg	100%
Vitamin B12 (as Cyanocobalamin)	6 mcg	100%
Biotin	300 mcg	100%
Folic Acid	400 mcg	100%
Pantothenic Acid (as D-Calcium Pantothenate)	10 mg	100%
Vitamin C (as Calcium Ascorbate & Calcium L-Threonate)	60 mg	100%
Iron (as Bisglycinate)	18 mg	100%
Vitamin A (as Beta Carotene)	4500 IU	90%
Vitamin D (as Cholecalciferol)	360 IU	90%
Vitamin E (as D-Alpha Tocopherol Acetate)	27 IU	90%
Vitamin K (as Phytonadione)	40 mcg	50%
Chromium (as Chromium Chloride)	108 mcg	90%
Selenium (as L-Selenomethione)	63 mcg	90%
Zinc (as Zinc Oxide)	13.5 mg	90%
Manganese (as Manganese Sulfate)	1.8 mg	90%
Molybdenum (as Molybdenum Chelate)	67.5 mcg	90%
Copper (as Copper Sulfate)	1.8 mg	90%
Iodine (as Potassium Iodide)	135 mcg	90%
Magnesium (as Magnesium Oxide)	100 mg	25%
Boron (as Boron Citrate)	1 mg	*
Vanadium (as Vanadyl Sulfate)	9 mcg	*
Choline (as Choline Bitartrate)	17 mg	*

All-round
nutritional balance

Ome-Q®

Omega-3 with Coenzyme Q10

Ome-Q® synergistically incorporates the advantage of containing Omega-3 fatty acids with the potent antioxidant Coenzyme Q10 in a single softgel. Ome-Q® contains 500 mg (50%) of Omega-3 fatty acids and 100 mg of CoQ10 per softgel which is odor controlled to reduce taste sensitivity. Ome-Q® supplementation as part of a healthy diet and lifestyle can help improve overall cardiac health.Ω

- With 500 mg (50%) of EPA & DHA (Omega-3) plus 100 mg of Coenzyme Q10 per softgel.
- Odor controlled to reduce taste sensitivity.

Supplement Facts:

Serving Size: 1 Softgel	Amount per Serving	% RDA
Coenzyme Q10 (Ubiquinone)	100 mg	*
Omega-3 Fish Oil	1000 mg	*
EPA (Eicosapentaenoic Acid)	300 mg	*
DHA (Docosahexaenoic Acid)	200 mg	*

*Daily value not established

*Omega-3 with Coenzyme Q10,
Heart healthy nutrients*

Lipiphage®

Advanced Lipid Management

Cholesterol is a substance that occurs naturally in all cells of the body and is physiologically important for the body. However, when the level exceeds the normal range of total blood cholesterol, it raises the risk of heart disease. Lipiphage® with an active Lipid Lowering Blend contains 23 nutrients to help lower cholesterol. Lipiphage® supplementation as part of a healthy diet and lifestyle can help promote healthy lipid ratios and metabolism.²

- Comprehensive Cholesterol Support.
- High grade Vegapure Natural Plant Sterols and Coenzyme Q10.
- Active Lipid Lowering Blend including natural extracts of Fenugreek, Guggul, Green Tea and Policosanol.
- With Chromium, Pantethine and Niacin.

Cutting out CV risk factors

Supplement Facts:

Serving Size: 3 Softgels	Amount per Serving	% RDA
Vegapure (Sterol Complex)	900 mg	*
Coenzyme Q10 (Ubidecarenone)	50 mg	*
Pantethine 50%	30 mg	*
Niacin (as Inositol Hexanicotinate)	100 mg	500%
Chromium (as Chromium Picolinate)	360 mcg	300%
Selenium (as L-Selenomethione)	105 mcg	150%
Magnesium (as Magnesium Oxide)	200 mg	50%
Proprietary Lipiphage Blend:	250 mg	
Guggul Extract 24%, Artichoke Extract 2.5%, Garlic Oil Extract, Fenugreek Extract 4:1, Barley Grass Powder, Green Tea Extract 50% EGCG, Policosanol, Inositol, Oat Beta Glucan, Lecithin, Gamma Oryzanol, Orange Oil, Pumpkin Seed Oil, Cinnamon Bark Extract 10:1, Psyllium Husk Powder, Gymnema Sylvestre Extract 10:1

Prebetes®

Multinutrient-Antioxidant Complex for Pre-diabetes

Pre-diabetes is a stage that can be considered an early yet potentially reversible stage in the development of Type II diabetes. In Pre-diabetes, an individual's glucose levels are higher than the normal range but not high enough for a true diagnosis of diabetes. Individuals with pre-diabetes can prevent or delay the onset of diabetes with lifestyle modifications. Prebetes® provides 24 ingredients that may help individuals with pre-diabetes along with suitable changes in diet and lifestyle. Prebetes® can also help safeguard specific nutrient requirements in individuals with Type II diabetes.²

- 24 specific nutrients to safeguard nutritional requirements of individuals with elevated sugar levels.
- Suitable for individuals with Pre-diabetes.

*Suitable for
Pre-diabetes*

Supplement Facts:

Serving Size: 3 Softgels	Amount per Serving	% RDA
Alpha Lipoic Acid	150 mg	*
GLA (as Borage Oil)	30 mg	*
EGCG (as Green Tea)	100 mg	*
L-Carnitine (as Fumarate)	100 mg	*
Vitamin B6 (as Pyridoxine Hydrochloride)	6 mg	300%
Vitamin B12 (as Cyanocobalamin)	18 mcg	300%
Niacinamide	30 mg	150%
Biotin	900 mcg	300%
Vitamin D (as Cholecalciferol)	400 IU	100%
Vitamin E (as D-Alpha Tocopherol Acetate)	200 IU	666%
Chromium (as Chromium Picolinate)	480 mcg	400%
Selenium (as L-Selenomethione)	140 mcg	200%
Vanadium (as Vanadium AA Chelate)	100 mcg	*
Zinc (as Zinc Oxide)	15 mg	100%
Manganese (as Manganese Sulfate)	2 mg	100%
Magnesium (as Magnesium Oxide)	120 mg	30%
Proprietary Prebetes Blend:	75 mg	*
Cinnamon Extract, Guava Leaf Extract 5:1, Bitter Melon Extract Powder, Prickly Pear Bark Powder, Gymnema Sylvestre Extract 4:1, Aloe Vera Extract 200:1, Fenugreek Extract 4:1, Damiana Leaves extract 4:1

Spermadol®

Comprehensive Male Fertility Support

Male Reproductive Health is of vital influence in successful conception. Spermadol® incorporates the role of 25 active micronutrients including specific antioxidants which affect sperm count, sperm motility and sperm morphology. It takes about 100 days for the human sperm to develop and mature, therefore, male reproductive health should be addressed 3 to 4 months before planning a pregnancy. Spermadol® supplementation as part of a healthy diet and lifestyle can help improve the overall reproductive health in males and increase pre-conception outcomes.Ω

- 25 specific nutrients to help improve sperm motility and sperm count.
- Vital nutrients like Coenzyme Q10, Zinc, Selenium and Vitamin E.
- With Semen Restorative Complex including natural extracts of Blackberry, Alfalfa, Grape seed, Plum fruit, Cayenne and Broccoli.

Supplement Facts:

Serving Size: 3 Tablets	Amount per Serving	% RDA
Coenzyme Q10 (Ubidecarenone)	50 mg	*
Vitamin E (as Vitamin E Succinate)	400 IU	1333%
Selenium (as L-Selenomethione)	110 mcg	157%
Zinc (as Zinc Oxide)	30 mg	200%
L-Arginine HCL	300 mg	*
Folic Acid	600 mcg	150%
Vitamin B6 (as Pyridoxine Hydrochloride)	50 mg	2500%
Vitamin B12 (as Cyanocobalamin)	12 mcg	200%
Vitamin C (as Ascorbic Acid)	270 mg	450%
Vitamin A (as Beta Carotene)	7500 IU	150%
Manganese (as Manganese Sulfate)	3 mg	150%
Copper	1 mg	50%
L-Carnitine (as Fumarate)	600 mg	*
Proprietary Semen Restorative Complex:	50 mg	*
Blackberry Juice Powder, Blueberry Extract 4:1, Garlic Extract, Kale Juice Powder, Strawberry Powder, Brussels Sprout Powder, Plum Fruit Powder, Alfalfa Juice Powder, Broccoli, Cayenne Powder, Grape Seed Powder, Pine Bark

Maximizing Conception Outcomes

Genteron®

Iron as Ferrous Bis-glycinate

70% of the body's Iron is found in the red blood cells (RBCs) which in turn provide oxygen to the body for various essential metabolic activities and bodily functions. Genteron® contains a well tolerated form of Iron that is gentle on the stomach and less constipating. Its absorption is further enhanced in the presence of Vitamin C. Genteron® supplementation is particularly useful in individuals with certain nutritional anaemias.²

- Ferrous Bis-glycinate - A well tolerated form of Iron.
- Gentle on stomach and less constipating.
- With Vitamin C to enhance the absorption of Iron.
- Fulfills increased requirements of Iron during pregnancy.

Supplement Facts:		
Serving Size: 1 Capsule	Amount per Serving	% RDA
Iron (as Iron Bisglycinate)	28 mg	155%
Folic Acid	400 mcg	100%
Vitamin C (as Ascorbic Acid)	75 mg	125%
Vitamin B12 (as Cyanocobalamin)	7.5 mcg	125%

B-Tamin[®]

Complete B-complex Formula

Vitamin B Complex or ‘B’ vitamins consist of a group of 8 essential vitamins. The Vitamin B complex regulates a wide array of vital functions in the body. They are water soluble and are not stored in appreciable amounts in the body and thus need to be replenished regularly. B-Tamin[®] contains all the 8 ‘B’ Vitamins plus 3 associated nutrients. B-Tamin[®] supplementation as part of a healthy diet and lifestyle can help promote healthy functioning of the various body systems and contribute to normal carbohydrate and energy metabolism.Ω

- With all the ‘B’ Vitamins plus 3 associated nutrients of the B Complex Group.
- Suitably balanced for daily use.

Supplement Facts:

Serving Size: 1 Tablet	Amount per Serving	% RDA
Vitamin B1 (as Thiamine Mononitrate)	1.875 mg	125%
Vitamin B2 (as Riboflavin)	2.125 mg	125%
Vitamin B6 (as Pyridoxine Hydrochloride)	2.5 mg	125%
Vitamin B12 (as Cyanocobalamin)	7.5 mcg	125%
Niacinamide	25 mg	125%
Pantothenic Acid (as D-Calcium Pantothenate)	12.5 mg	125%
Biotin	375 mcg	125%
Folic Acid	500 mcg	125%
Inositol	12 mg	*
PABA (Para-Aminobenzoic Acid)	12 mg	*
Choline Bitartrate	12 mg	*

*Suited for
individual wellbeing*

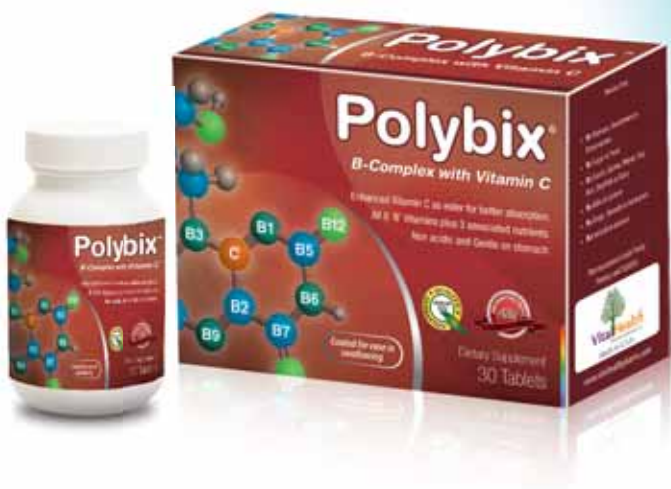

Polybix[®]

B-complex with Vitamin C

The Vitamin B Complex together with Vitamin C is one of the most extensive nutrient groups involved in the healthy day-to-day functioning of the various metabolic processes in the body. Vitamins B complex and C are water soluble and are not stored in significant amounts in the body and thus need to be replenished periodically. Polybix[®] contains all the 8 'B' Vitamins, 3 associated nutrients and enhanced Vitamin C in the ester form which is non-acidic and gentle on the stomach. Polybix[®] supplementation as part of a healthy diet and lifestyle can help build immunity and promote healthy functioning of the various body systems affected by environmental factors.Ω

- With all the 'B' Vitamins plus 3 associated nutrients of the B Complex Group.
- With Vitamin C in a non-acidic, ester form.
- Suitably balanced for daily use.

Supplement Facts:

Serving Size: 1 Tablet	Amount per Serving	% RDA
Vitamin C (as Calcium Ascorbate & Calcium L-Threonate)	75 mg	125%
Vitamin B1 (as Thiamine Mononitrate)	1.875 mg	125%
Vitamin B2 (as Riboflavin)	2.125 mg	125%

E-Tamin[®]

Natural Vitamin E

Vitamin E works as an intracellular antioxidant and scavenger of free radicals in biologic membranes. It therefore helps protect body tissue from damage by environmental factors. E-Tamin[®] contains the well absorbed and natural form of Vitamin E (alpha tocopherol) E-Tamin[®] supplementation as part of a healthy diet and lifestyle can help protect against premature aging of cells.Ω

- Pure and Natural Vitamin E.
- With the most active form of Vitamin E (d-alpha tocopherol).
- Without mixed esters and tocopherols.

Supplement Facts:

Serving Size: 1 Softgel	Amount per Serving	% RDA
Vitamin E (as D-Alpha Tocopherol)	400 IU	1333%

**Daily value not established*

Pure and Natural Vitamin E

Fertisel®

Vitamin E with Selenium

Selenium, a vital mineral in the body, helps produce special proteins called antioxidant enzymes which play a role in preventing cell damage whereas Vitamin E functions intracellularly to sequester free radicals in biologic membranes. Together, Vitamin E and Selenium offer marked antioxidant activity and complement immune function. Fertisel® provides the natural form of Vitamin E and Selenium which is yeast-free. Fertisel® supplementation as part of a healthy diet and lifestyle can help promote overall prostate and reproductive health.®

- With 100 mcg Selenium (Yeast free).
- With the natural and most active form of Vitamin E.
- Without mixed esters and tocopherols.

Supplement Facts:		
Serving Size: 1 Softgel	Amount per Serving	% RDA
Vitamin E (as D-Alpha Tocopherol)	400 IU	1333%
Selenium (as L-Selenomethionine)	100 mcg	142%
*Daily value not established		

Vitamin E with Selenium

Calciton-D[®]

Calcium with Vitamin D₃

Vitamin D₃ promotes the intestinal absorption of calcium, thereby maintaining adequate levels of calcium in the body. Calcium is the mineral responsible for good skeletal health while supporting other essential metabolic processes in the body. Calciton D[®] supplementation as part of a healthy diet and lifestyle is particularly important in individuals with Osteoporosis and reduces bone loss in individuals who have higher calcium requirements.^Ω

- Just 2 tablets meet the daily requirement of Calcium and Vitamin D for an adult.
- Vitamin D as Cholecalciferol - Promotes the intestinal absorption of Calcium.
- Coated for ease in swallowing.

Supplement Facts:

Serving Size: 1 Tablet	Amount per Serving	% RDA
Calcium (as Calcium Carbonate)	600 mg	60%
Vitamin D ₃ (as Cholecalciferol)	200 IU	50%

**Daily value not established*

*Maintaining
Bone Mass,
preventing
Osteoporosis*

Calciton[®]

Calcium Carbonate

99% of the body's Calcium is found in the bones and plays an important role in maintaining good skeletal health. The body allows absorption of only about 30% of the ingested Calcium. Calcium also supports other essential metabolic processes in the body. Calcium is important in the proper functioning of muscles and nerves, the cellular structure as well as in regulating the action of certain hormones. Calciton[®] supplementation may be beneficial in individuals with lactose intolerance, and post-menopausal women. Calciton[®] when taken as part of a healthy diet and lifestyle helps restore calcium levels associated with a loss of bone mass in older individuals.☺

- Just 2 tablets meet the daily requirement of Calcium for an adult.
- Coated for ease in swallowing.

Supplement Facts:		
Serving Size: 2 Tablets	Amount per Serving	% RDA
Calcium (as Calcium Carbonate)	1200 mg	120%
*Daily value not established		

*Sustaining
Bone Health*

C-Tamin[®]

Vitamin C with Rose Hips

Vitamin C provides for a multitude of essential functions such as immunity, absorption of iron, growth and repair of all body tissues, collagen and hormone formation, wound healing, maintenance of healthy joints and blood vessel health. Vitamin C is water soluble in nature which underscores the need for its periodic replenishment. C-Tamin[®] contains an ester form of Vitamin C which is well absorbed, non-acidic and gentle on the stomach. C-Tamin[®] supplementation as part of a healthy diet and lifestyle helps promote immune function especially during seasonal changes; its antioxidant property also helps reduce damage to the body due to environmental factors.Ω

- Vitamin C in an ester form which is well absorbed and non-acidic (Calcium Ascorbate).
- With Rose Hips and Citrus Bioflavonoid Complex.
- Coated for ease in swallowing.

Supplement Facts:

Serving Size: 1 Tablet	Amount per Serving	% RDA
Vitamin C (as Calcium Ascorbate & Rose Hips)	500 mg	833%
Citrus Bioflavonoid Complex:	200 mg	*
Hesperidin Complex, Rutin, Acerola Cherry, Tangerine Orange Powder
